

**Ministry of Education and Human Resources, Tertiary
Education and Scientific Research**

13 January 2016

**Professor Dr Alexander KHOROSHILOV,
Officer in Charge,
IITE- UNESCO
Moscow**

Dear Prof Khoroshilov,

The Ministry of Education and Human Resources, Tertiary Education and Scientific Research would like to thank the Institute for Information Technologies in Education (IITE) for designating a resource expert, Dr Amelina Natalia, for the Conference on "Digital Awakening for Pre-Primary Schools" in both the Island of Mauritius and Rodrigues, held on the 14th to 17th December 2015. This event has allowed us to successfully train 964 participants in Mauritius and provide an insight on international experience and research perspective in ICT in Pre-Primary education.

We look forward in engaging further with the IITE from Moscow in future exchanges through educational projects in ICT.

Regards,

R. AUCKBUR,

Director E-Education and Tertiary Education
