*To share experience and exchange ideas on the promotion of OER in diverse linguistic contexts*

To contribute to one of the 2nd World OER Congress objectives “showcasing the world’s best practices in OER policies and initiatives as well as OER experts”, UNESCO Institute for Information Technologies in Education is organizing a special session on OER in non-English-speaking countries as a satellite event of the Congress. The session is intended to provide a platform for the exchange of opinions on the challenges and opportunities for the promotion and use of OER in non-English-speaking countries. The event will include introduction, presentation of country case studies and panel discussion.

## Agenda
